EVERYONE CAN ACCESS THE LINK THROUGH THEIR DESKTOP WITH THE ABOVE LINK, NICE IF YOU WANT A BIGGER SCREEN :)

Trouble shooting - if it's not recognizing your email or membership let us know. It's a quick fix on our end.

***ONCE IN THE APP click on 'Schedule'

>>>Click **.View Schedule.**

.SIGN UP For any virtual class during the week that works for you.

>>> up to 30mins before class starts you will be able to go back to the schedule (from your phone app or [desktop link](#)), click on it and press **Join Virtual** (again this is only 30mins before class you will see this button)

IMPORTANT NOTE you must also have the ZOOM app on your phone for the class to open properly. BUT ONLY attempt to get on the class through our app rather than go directly through Zoom.

Once you've requested to join the class you just need to wait for the instructor to invite you into the virtual practice room!

TROUBLE SHOOTING

If you can't hear the AUDIO once in the class, click the orange **.Zoom >** button in the top left of the screen. The app will take you directly to zoom and then enable your audio through here.
